

Endoscopy Center of North Mississippi, LLC**Patient Name:** test test**THE WEEK BEFORE PROCEDURE:**

***PLEASE READ all of the directions thoroughly to ensure you have a successful test. If you do not follow this sheet completely, we will possibly cancel your procedure and you will have to go through this process again. ***

1. Pick up prep from drug store. Follow OUR instruction sheet. Do NOT follow the box instructions.
2. You MUST have a driver for the day. You will be sedated and not be allowed to drive until the day after your test. Bring only 1 person inside with you. Arrive at your scheduled appointment time.
3. STOP weight loss meds AND iron supplements 7 days before procedure.
4. STOP blood thinners (coumadin/warfarin, plavix/clopidogrel, pletal, effient, pradaxa, brillinta) 5 days before your procedure.
5. STOP xarelto and eliquis 2 days before the test (48 hours)
6. STOP advil, aleve, naproxen or any other anti-inflammatory meds 3 days before. Tylenol (acetaminophen) is fine to take.
7. IF you are having this test at the hospital (Panola Medical Center) *** STOP Mounjaro, Ozempic, Wegovy, or Rybelsus 7 days before your procedure. If you are having test at our facility and are taking these shots for diabetes- you can continue taking these. If you are taking for just weight loss- please refrain from administering it 7 days before your test.
8. If you see a cardiologist every 3-6 months OR have any upcoming heart tests or appointments, please notify the scheduler to ensure we can get a cardiac clearance in time.
9. We ask that if you need to reschedule, please do at least 96 hours before your test or you will have to pay a \$100 no show fee. If you do not show up for your appointment, you will need to pay the \$100 fee before you will be rescheduled.

THE DAY BEFORE PROCEDURE:

CLEAR LIQUIDS ALL DAY ONLY

*****Absolutely NO solid food for breakfast, lunch or dinner.*****

NO milk or cream products, NO alcohol

see list below for appropriate clear liquids

Keep yourself well hydrated by drinking as much fluid as you can during the day.

6 PM: Pour Dose 1 of Plenvu packet into provided container and add water to fill line. Mix with spoon or place top on and shake until completely dissolved. Drink the entire contents of the container within the next 30 minutes. Rinse mixing container with water and add clear liquids to fill line, and drink contents within the next 30 minutes.

9 PM: Rinse container with water, and pour Dose 2 of Plenvu pouch A & B in container. Add water to fill line. Mix with spoon or place top on and shake until completely dissolved. Drink the entire contents of the container within the next 30 minutes. Rinse mixing container with water and add clear liquids to fill line, and drink contents within the next 30 minutes.

You may continue drinking clear liquids until midnight.

NOTHING BY MOUTH AFTER MIDNIGHT.

TIP: Flushable wipes and vaseline will help with irritation.

***Remember a clean colon is critical for a complete test. If you still have solid stool in your colon, the doctor will stop the test and a repeat colonoscopy will be done.

THE DAY OF THE PROCEDURE:

NO SOLID FOOD - NO ALCOHOL - NO LIQUIDS

You may take your morning medications with a sip of water by 7 am. (Blood pressure, heart, seizure, anxiety, depression medications)
